## RECORD OF THE IOWA GENERAL ASSEMBLY & GOVERNOR

*This voting record covers only recorded floor votes of the Iowa Senate and Iowa House that are of utmost importance to labor. Thus, unfortunately, not all of our priorities are in the record, and we must use other means to determine legislators' positions on those issues until such time as there is an official vote. This record does, however, serve as a tool to help Iowa trade unionists assess whether or not their elected representatives support an agenda that benefits all workers, organized or not.*

*The Iowa Federation of Labor also scores the Governor's actions so members can understand the record of the executive branch of government. Legislation that the IFL supported or opposed, that a Governor signs, vetoes, or line-item vetoes will also be scored, as well.*

The tax plan will be phased in over 5 years to a 3.9% flat tax. One small piece of the tax cuts did eliminate the tax on retirement income but many working class Iowans won't see much of a benefit as there are multiple exemptions for retirement incomes currently, including Social Security.</p>

This bill bans the use of design-build bidding at the Iowa Board of Regents which is the only public entity that can use the bidding practice. Design-build combines the designer and the builder and has been proven to lower costs and speed up project timelines. Design-build is the fastest growing and most popular method for construction and is used widely in the private sector.</p> <p>The bill also voids union contract language in regards to who the construction manager can hire to preform the work on a public project.</p>

## **Record of the Governor - 2022**

**The Governor decides what laws passed by the legislature to sign or veto.**

**The Governor also has the ability to veto line-items out of budget bills without vetoing the entire bill.**

**Governor Kim Reynolds (R)**  
**2017-Current**

#	Bill Name & IFL Position	Bill Description										
1	HF 2317 - INCOME TAX PLAN  IFL POSTION: OPPOSE  SIGNED BY GOVERNOR	The largest tax cut in Iowa history will benefit the wealthiest Iowans and the biggest corporations far more than any worker in the state. The bill is estimated to cut \$2 billion dollars from the budget. This years' budget was just over \$8 billion. Iowa's future could very well be in trouble when it comes to funding education, health & human services, water quality and public safety. The tax plan will be phased in over 5 years to a 3.9% flat tax. One small piece of the tax cuts did eliminate the tax on retirement income but many working class Iowans won't see much of a benefit as there are multiple exemptions for retirement incomes currently, including Social Security.										
2	HF 2316 - SCHOOL FUNDING  IFL POSITION: OPPOSED  SIGNED BY GOVERNOR	SSA (Supplemental State Aid), the annual per pupil funding increase for preK-12 for public education, was set at 2.5%. Public school funding increases continue to fall below basic inflationary costs. Since 2012, SSA has averaged only 1.9% per annual increase.										
3	HF 2198 - CHILDCARE WORKING AGE AND CHILD CARE CENTER RATIOS  IFL POSITION: OPPOSED  SIGNED BY GOVERNOR	Lowers the minimum age for unsupervised workers in child care centers from 18 to 16 years of age. The bill also includes changing the minimum staff to child ratio to allow more children being cared for per staff person at a child care centers. Ratios changed to 1 child care worker to 7 children who are 2 years old and this is increased from the 1:6 ratio previously used. The ratio for 3 year olds was also changed so that 1 child care worker can watch up to 10 children at 3 years of age which previously used a 1:8 ratio.										
4	HF 2355 - EARNED UNEMPLOYMENT BENEFIT CUTS  IFL POSITION: OPPOSED  SIGNED BY GOVERNOR	Cuts potential benefit weeks from 26 to 16 which has been estimated to cost Iowa workers nearly \$75,000,000 in earned unemployment benefits over the next ten years. Iowa is now one of the bottom 6 states for providing 16 weeks or less in potential benefit weeks.  Lowers the number of potential extension benefit weeks if your employer goes out of business and forces workers to take a job that pays less than your previous job after week two.  Broadly defines employee misconduct and creates more opportunities for employers to deny workers from collecting unemployment benefits.										
5	SF 183 - DESIGN BUILD BIDDING PRACTICES  IFL POSITION: OPPOSED  SIGNED BY GOVERNOR	Iowa and North Dakota are the only two states where design-build for public entities is limited to one agency or project. This bill bans the use of design-build bidding at the Iowa Board of Regents which is the only public entity that can use the bidding practice. Design-build combines the designer and the builder and has been proven to lower costs and speed up project timelines. Design-build is the fastest growing and most popular method for construction and is used widely in the private sector.  The bill also voids union contract language in regards to who the construction manager can hire to preform the work on a public project.
